

Alignment with the New Brunswick Early Childhood Curriculum

Framework

Bobbleberry Hollow naturally supports the goals of the New Brunswick Curriculum Framework for Early Learning and Child Care, which celebrates children as capable, curious, and emotionally rich beings.

Here are a few of the ways Bobbleberry Hollow can connect to the NB curriculum framework:

Well-Being

- Movement and yoga that promote physical activity
- Breath and calm-down tools for emotional self-regulation
- Safe spaces to explore and name big feelings

Play and Playfulness

- Imaginative story adventures rooted in child-led exploration
- Joyful, expressive movement through character play

Communication and Literacies

- Builds emotional and movement vocabularies
- Encourages expressive language and storytelling
- Invites multiple modes of communication: voice, body, and breath

Diversity and Social Responsibility

- Shows that all feelings are valid
- Builds empathy, connection, and inclusive thinking

Bobbleberry Hollow invites children into a magical world where learning how we move and how we feel happens through play, breath, and story, all while meeting the foundational goals of New Brunswick's early childhood education framework.
